A SOUND DECISION SOLID CORE DOORS

We are on a mission to put solid core doors in every home. Made of solid material all the way through, they feel more substantial and block sound more effectively. For minimal cost, solid core doors create a dramatic improvement in overall quality.

- ▶ Solid core doors are **SOUND REDUCING** they block sound more efficiently than hollow doors.
- ▶ Solid core doors are simply built better with a strength you can **FEEL** the moment you open the door.
- ▶ Solid core doors are **DURABLE**, able to withstand the dents and dings of normal wear.

It's time for a better door experience.

Make solid core doors the STANDARD.

Interior Doors

AT A GLANCE

Our dedication to superior craftsmanship allows us to deliver unsurpassed quality and value in interior doors. We offer a comprehensive selection of door styles—all crafted with exacting attention to detail.

LIVINGSTON™

- Unique, versatile, and timeless design perfect for any style of home.

HERITAGE SERIES™

- Celebrate traditional craftsmanship with clean lines that blend seamlessly with their surroundings.

WEST END COLLECTION™

- Embrace the beauty of minimalism with the sophisticated, streamlined look of embossed lines.

MOLDED PANEL DOORS™

- Add a defining element to any space with familiar designs that offer timeless appeal.

LIVINGSTON™

- ▶ Unique, versatile and timeless design perfect for any style of home
- ▶ Smooth, primed surface ideal for painting
- ▶ Full range of passage and bifold doors
- ▶ Safe 'N Sound, solid core construction available for better durability, sound reduction and the heft and feel of a wood door
- ▶ 20-minute fire-rating doors available for select heights & designs (1-3/4" width only)

TECHNICAL & SUPPORT INFORMATION ON EMERALD, “GREEN”

- This product contributes to satisfying the credits of the U.S. Green Building Council's LEED, Green Building Rating System. For current applicable LEED, standards, visit www.usgbc.org.
- Evaluations of Green Certifications are provided as a courtesy for Masonite customers. Further confirmation should be completed on a project basis by consulting the certification guidelines or contacting an association representative for verification.
- USGBC, and LEED, are registered trademarks of the U.S. Green Building Council.

Note: Not all designs are available in Emerald, offering; contact Masonite for the complete product offering. The above referenced certifications are based on the following versions: LEED NC-3.0 / LEED H-2008 / LEED V4-2015. For technical specification information, visit masonite.com or contact us at 1-800-663-DOOR (3667).

ATTIC STAIRWAYS

American Stairways from BWI offer many sizes, duty ratings, energy saving, and code compliant options to meet your requirements.

Wood Stairways

Husky 444
Rated 250 LBS

Husky 655
Rated 300 lbs

Aluminum Stairways

Husky 1200
Rated 350 lbs

- ▶ Pre-drilled Installation Holes
 - ▶ Full Width Heavy Duty Piano Hinge
 - ▶ Reaches across the entire width of stairway. Far more strength and rigidity, and does not interfere with trim carpenter.
 - ▶ Easy First Step Out of Attic
 - ▶ Steel Ladder Rod Under Each Tread
 - 3/16" Ladder rod with large washers to keep HUSKY stairs rigid and prevent bending or separation under heavier loads.
 - ▶ Selected Kiln Dried Southern Pine Lumber
 - All wood parts selected for density and load bearing capability.
 - ▶ Re-inforced Door Panel
 - ▶ Spacer and Runner Construction on Door to Prevent Warpage.
 - ▶ Safety Locknut to Secure Spring Arm to Ladder Section.
 - ▶ Adjustable Spring Tension.
 - ▶ Nuts, Bolts, and Hardware Plated or Painted to prevent rust; no welded hardware.
 - ▶ Completely Assembled, ready to install.
- ▶ 10' - 12' Ceiling Height
 - ▶ 13 Treads
 - ▶ R-5 Insulation Panel Standard
 - ▶ Pre-drilled Installation Holes
 - ▶ Full Width Heavy Duty Piano Hinge
 - ▶ Reaches across the entire width of stairway for more strength and rigidity and cuts out air leakage and head of stair and does not interfere with trim carpenter.
 - ▶ Easy First Step Out of Attic
 - ▶ Re-inforced Door Panel
 - ▶ Spacer and Runner Construction on Door to Prevent Warpage.
 - ▶ Safety Locknut to Secure Spring Arm to Ladder Section.
 - ▶ Adjustable Spring Tension.
 - ▶ Adjustable Feet with Rubber Tread.
 - ▶ Completely Assembled, ready to install.

POCKET DOOR HARDWARE

BWI offers knock down and built-up pocket door frames. Standard with ball bearing hinges for long lasting smooth performance.

Pocket doors can be used in many applications including entryways, room-to-room, closets, bathrooms and anywhere space is at a premium. Where a traditional swinging door would use up too much space, pocket doors fit right in to solve room planning problems.
