

KUIKEN BROTHERS COMPANY INC.

RESIDENTIAL & COMMERCIAL BUILDING MATERIALS *Since 1912*

11/10/2021

Dear

For several years we have investigated different avenues to help you be the very best you can be. You and more than 65 of your colleagues are on the road everyday and we felt deserved our full attention. To that end, we are excited to announce that we have launched a new program with **Smith System Driver Improvement Institute**.

The Smith System has been around since 1952 and is recognized by insurance companies as one of the best. The Smith motto is *"Drive Different, Save Lives"*. That sounds like the kind of motto we all want to be a part of. The Smith System doesn't teach you how to drive a truck better, instead they teach you how to drive better. From a compact car to a tractor trailer, there are certain driving skills that transcend the type of vehicle and will therefore make you a better driver. These skills will benefit you both on and off the job.

The course is a one-day class that will begin with classroom instruction followed by behind the wheel instructional driving in a unique vehicle. All classes will be conducted by certified Smith System instructors. The classes will be limited to five persons so instruction will be very personal. Your scheduled date and start time are listed below.

Training Type: DriverDirect One Day Course
Date:
Time: 8:00am – 5:00pm
Location: Kuiken Brothers Fair Lawn
 6-02 Fair Lawn Ave.,
 Fair Lawn, NJ 07410

I think it's safe to say, that in the 109 year history of the Kuiken Brothers Company, this is one of the most ambitious training programs ever offered. We have always stood behind the motto that *"Nothing Good Happens Without Good People,"* and this training will further solidify that motto.

Thank you in advance for your participation.

Sincerely,

Mark Everett
