ABOUT **MMI DOOR**

YOUR DOORWAY TO A BEAUTIFUL HOME

Founded in 1953, MMI DOOR has earned the reputation as a leading door supplier and services to lumber yards, building supply centers, distributors, and home centers.

Being a wholly owned subsidiary of JELD-WEN Holding, Inc., MMI DOOR consists of three (3) state of the art manufacturing facilities that support thirteen (13) states in the Midwest and Northeast United States that produce one of the broadest product ranges of exterior, interior, and patio doors. MMI DOOR is a true, single source door supplier with strong capabilities in complete door systems, customized products, pre-hung doors, and door slab. ***"We strive to be the most dependable and innovative, value-add fabricator in the marketplace."***

ABOUT **JELD-WEN**

DEDICATION FROM DAY ONE

Since 1960, when JELD-WEN began with one millwork plant, we've been dedicated to crafting windows and patio doors that enhance the beauty and functionality of your home. Today we continue that tradition with products that are durable and worry-free. It's the result of innovation as a driving force in all that we do.

It begins in the forests where we harvest our premium lumber. In addition to responsible reforestation practices, we recycle as much of our raw resources as possible. Innovation is also at the heart of our design and manufacturing process. With JELD-WEN, you can expect products that are more than just beautiful on the outside. The inner workings of our doors are engineered to function flawlessly for years to come.

CHOOSE YOUR DOOR

MMI DOOR offers one of the widest selections of fiberglass and steel entry doors in the country. We understand the need and desire for custom millwork products and have based our diverse product offering around that simple fact. Sometimes, with all of the options that are available, simplification is key. Follow these 5 easy steps to choose your new entry door from MMI DOOR.

1. CHOOSE YOUR DOOR CONFIGURATION

Replacement Door | Single Door | Door with Sidelite Left | Door with Sidelite Right | Door with 2 Sidelites | Double Doors | Patio Doors

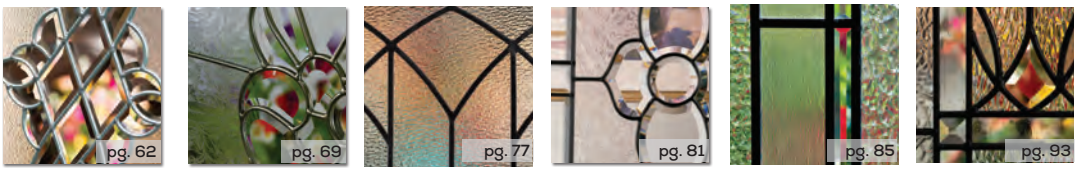

2. CHOOSE YOUR DOOR STYLE

The Possibilities are Endless!

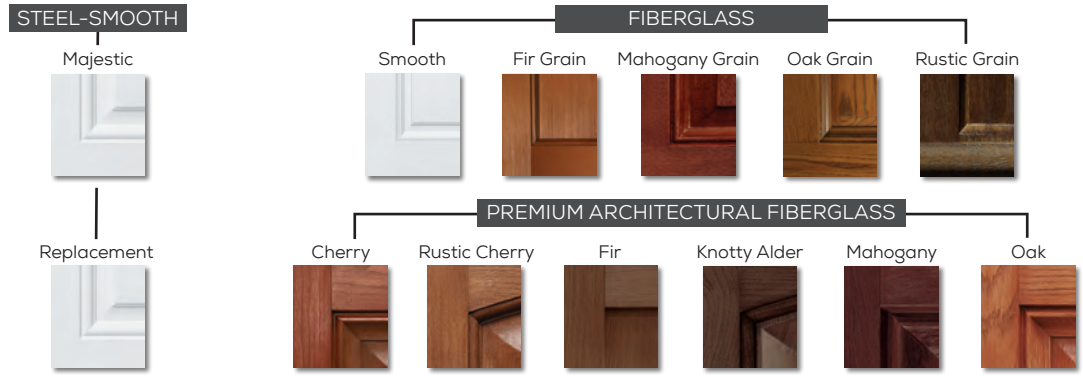

3. CHOOSE YOUR GLASS DESIGN

We stock 10 decorative glass collections some with multiple caming options. Plus, we offer over ***40*** special order decorative glass collections. Here are a few examples

4. CHOOSE YOUR DOOR SURFACE

5. CHOOSE YOUR DOOR FINISH

Choose from our 19 Paint Colors and 6 Stain Colors!

CAMING OPTIONS

Caming is the metal banding that joins panels of glass together in a unique design. Simply said, it is "the lead in leaded glass".

Make sure to choose a caming finish that coordinates your door hardware, outdoor fixtures and interior furnishings to fit your personal style. It may seem like a small detail but it can have a big impact on the overall look of your entryway.

PRE-FINISH PROGRAM

607 Clear LOW-E Glass w/Zeel Frame
Shown in Fiberglass Smooth
Hunter Green Stain

NOTHING BEATS A QUALITY FINISH

Our process begins with a dust-free, rigorously inspected unfinished door followed by multi-coat paint or stain applications, baked on at every step. The result is a finish as durable as it is beautiful.

THE MMI DOOR PROMISE

THE PRE-FINISH 5-YEAR LIMITED WARRANTY INCLUDES:

5-Year limited coverage from the date of purchase for the painted or stained finish by MMI DOOR on the door component of any residential premium or standard fiberglass exterior prehung door unit when properly protected from the environment. Please evaluate your current weather exposure and home overhangs, as certain applications of prefinished doors with excessive exposure to weather can void the warranty.

MATERIALS
FIBERGLASS & STEEL

NO MATTER WHAT YOUR BUDGET AND NEEDS, MMI DOOR HAS A SOLUTION FOR EVERY ENTRY APPLICATION.

MATERIALS
FIBERGLASS & STEEL

FIBERGLASS pg 7

Fiberglass is virtually maintenance-free and will not warp, rot, dent, or split. Deep embossing and panel detail provide substantial curb appeal. The exclusive Hydroshield Technology™ features reinforced door skins, full length composite stiles and composite top and bottom rails to prevent water infiltration. **Limited Lifetime Warranty.**

ARCHITECTURAL COLLECTION pg 8

Our premium line of fiberglass doors and matching fiberglass components features an authentic woodgrain replication made possible by unique Nickel Vapor Deposition (NVD) technology. The NVD result is a fiberglass door that replicates natural woodgrain characteristics and is virtually indistinguishable from real wood. **Limited Lifetime Warranty.**

BUILDER'S CLASSIC pg 8

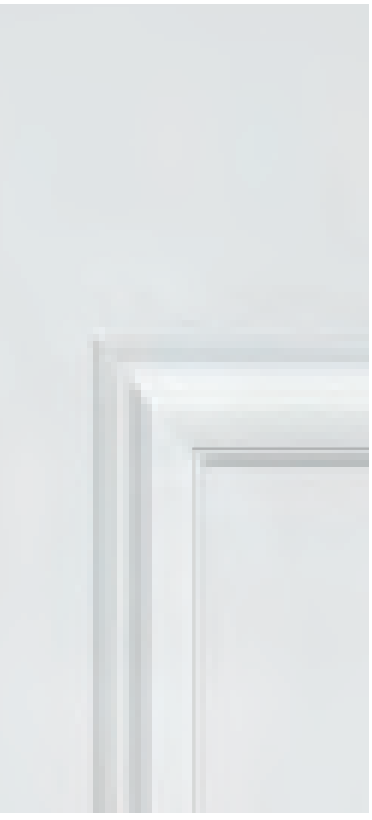

The Builder's Classic Collection is our fiberglass door at steel door pricing. **2 Year Limited Warranty.**

MAJESTIC STEEL SERIES pg 9

24 Gauge, steel exterior doors are durable and manufactured to prevent water absorption, resist rust and are available with many prefinishing options. Steel stiles provide the greatest strength and stability. **10 Year Limited Warranty.**

REPLACEMENT STEEL SERIES pg 10

Quick and easy installation, replacement steel doors install in half the time of a new construction unit. Prehung on commercial 18 gauge steel frame, these doors are pre-prepped for entry locks. **10-Year Limited Warranty.**

FIBERGLASS DOORS

FIBERGLASS DOORS

A new fiberglass entry door can add substantial curb appeal to your home. Fiberglass is virtually maintenance free and will not warp, rot, dent, or split.

686MTC, (2) SL694MTC
Shown in Fiberglass Smooth Bronze Paint

- Limited Lifetime Warranty (See page 136 for details)
- Fiberglass reinforced door skins, full length composite stiles and composite top and bottom rails to prevent water infiltration on all 6 sides
- Available in smooth or woodgrain designs
- The woodgrain series (Oak, Mahogany, Fir or Rustic) provides the rich appearance of wood with the strength and stability of fiberglass

At MMI DOOR, it is important to make sure our fiberglass exterior door offering meets our customer's goals. Below are examples of the fiberglass door options available. Fiberglass doors are available in a smooth series for easy painting, and four distinctive woodgrain patterns (Fir, Mahogany, Oak and Rustic) suitable for staining or painting.

Fir Grain | Mahogany Grain | Oak Grain | Rustic Grain | Smooth

ARCHITECTURAL COLLECTION™

MMI DOOR's Architectural™ Collection is a premium door system for the discerning individual, offering a wood door alternative utilizing the most authentic wood grain replication available. The front door is the threshold to your home: a place of warm welcomes and goodbyes. Whether you need a touchable and authentic wood grain or a luxe and minimalist smooth finish, Architectural doors projects your most stylish self. Substance matters too of course, so all our composite components are clad in fiberglass, match perfectly and have twice the screw-holding power of other materials.

REPLACEMENT SERIES

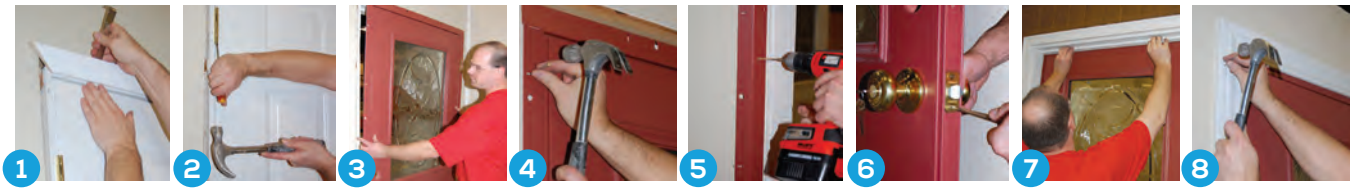

QUICK & EASY INSTALLATION; INSTALLS IN HALF OF THE TIME OF NEW CONSTRUCTION

- Replacement steel exterior doors are durable and manufactured to prevent water absorption, resist rust and come factory primed for easy finishing.
- Replacement Series is designed to be installed using your existing door frame, not the rough stud opening
- Great choice for Do-It-Yourselfers: Minimal tools and product knowledge
- Convenience – Simplifies and quickens the installation process

Double Hip Panel Design

1. Carefully remove and save interior trim
2. Remove old door, strike plates, hinges and threshold
3. Insert new replacement unit into the opening from the interior of your home
4. Nail replacement unit into position
5. Install security screws
6. Install door hardware
7. Install weatherstripped wood stops
8. Carefully replace the saved interior trim

KEY FEATURES

- 10 Year Limited Warranty. See page 137 for details.
- Prehung on a commercial, 18 gauge steel frame
- All steel door – 24 gauge face and 22 gauge reinforced edges for additional strength and security
- 14 Pre-set security installation with fastening points secure the opening - 6 at the critical lockset impact area
- All doors are pre-prepped for entry and deadbolt locks and are factory primed
- Weatherstrip system - 5 fin door sweep, adjustable sill, weatherstrip stop and corner seals complete the entire package
- 2/6, 2/8, 2/10 & 3/0 – 6/8 and 7/0 sizes are available. Sizes may vary by door style
- Double Hip Panel Design
- Configurable with clear, decorative, or textured glass
- Clear glass available with simulated divided lites, mini blinds or grilles between glass

Please Note: 2/8 replacement doors with decorative 1/2 & full lites and 2/6 replacement doors with clear 1/2 & full lites will require a glass offset of 1/4" from lock prep.

SILLS

TYPES OF SILLS

See page 135 for pricing.

COMPOSITE ADJUSTABLE SILL

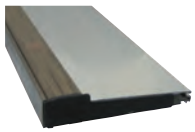

Advanced technology sills are made of all-composite substrates, synthetic caps and nosing. These materials prevent rotting, warping or deteriorating over time.

CONTINUOUS SILL

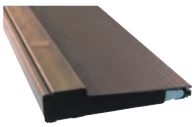

By providing a continuous sill across the door unit, you receive a better fit that prevents leaks. Patented inactive Sidelite Seats can be repositioned for Mull or Patio System convenience.

FINISHES

MILL

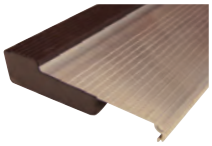

BRONZE

SILL COVER

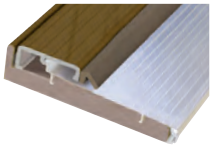

Composed of a durable material, sill covers give valuable protection against damage to the sill during the construction process.

FIXED INSWING

This sill is perfect for garage and utility doors and comes with a convertible cap to allow easy conversion to an adjustable cap.

FIXED OUTSWING BUMPER

Ultimate protection with increased pressure against the door producing a tight seal and excellent protection for high exposure areas.

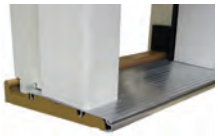

ADA COMPLIANT THERMALLY BROKEN

By incorporating a dam that meets ADA height requirements, a better seal is created between the door and sill, while providing ease of entry.

POWERED BY ENDURA
DOOR COMPONENTS MADE IN THE USA

CONTINUOUS HEADERS AND SILLS

Continuous headers and sills are part of an error-free system, built to spec, for greater structural integrity.

One piece mulls feature superior strength, a perfect fit and no additional finishing.

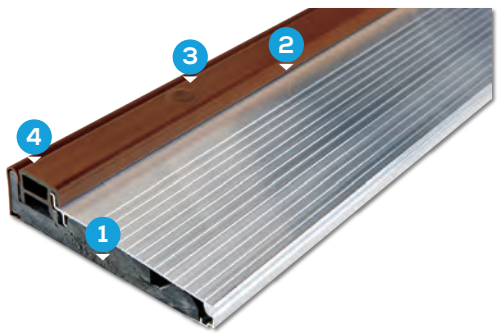

Sill gasket provides a water tight seal between the end of the sill and the door jamb.

Our **mull systems** include inactive seats engineered for perfect panel placement.

Z-SERIES SILLS

Synthetic materials eliminate the worries of wood and deliver the best sill on the market. Using a patented design of all synthetic components, the Z-Series Sill eliminates the worries of wood. Built to last, Z-Series sills protect your entry from unsightly damage, rusted screws, discoloration, deformity, gaps and dents.

1. **ALL-COMPOSITE SUBSTRATE**
   All-composite substrates won't rack, warp or rot. Ever.

2. **NARROW SYNTHETIC HIGH DAM CAP**
   The cap resists fading and wear and won't warp or rot. A built-in seal keeps out air and water, even in the most severe conditions. The narrow cap width ensures the drip edge on the door bottom deflects water away from the cap.

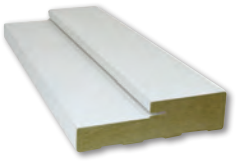

3. **SEALED ADJUSTMENT SCREWS**
   Patented sealing plugs hide unsightly screws and keep water and dirt away from the adjustment mechanism, maintaining adjustability of the sill cap over time.

4. **COMPOSITE CAP AND NOSING**
   Provides resistance to wear and discoloration and offer a unique aesthetic appeal.

FRAMES

FRAME TYPES

Prefinishing the frame the same paint or stain color has always been a challenge in our industry. Fortunately, we can prefinish both! Listed below, you will see our 9 frame options and whether they can be painted, stained, or both.
See page 133 & 134 for pricing.

PRIMED WOOD
(Paintable)

Our standard wood frame is made of finger-jointed pine and is pre-machined to accept MSystem components - weather-strip, sills, gaskets and corner seals. The entire frame is pre-primed, ready for paint.

ENDURA - FRAMESAVER®
(Primed - Paintable)

A revolutionary wood composite material so resistant to rot and insect damage, we guarantee the frame for life with FrameSaver's® transferable Lifetime Warranty!

ENDURA - FRAMESAVER® FUSIONFRAME
(Primed - Paintable Smooth and Textured)

Fusing together the benefits of composite and engineered-wood, FusionFrame delivers the strength and performance needed with a flawless finish. Helping installers overcome common installation challenges, delivering a better install.

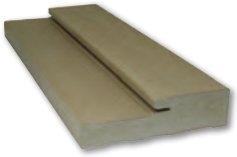

WHITE CAPPED
(No paint required)

This ready to use pre-painted white frame is long-lasting and rot-free. With its strong screw holding power this frame will maintain its integrity today and tomorrow.

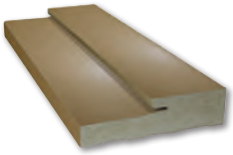

SMOOTH COMPOSITE
(Paintable)

The closed cellular structure ensures door frame will not absorb or wick moisture, and prevent warping, rotting and splitting. Twice the screw holding power of traditional wood door frames.

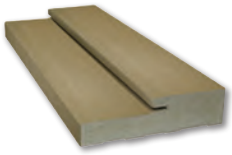

OAK GRAINED COMPOSITE
(Paintable & Stainable)

Oak grain poly-fiber door frame system that combines all the strength and convenience of wood with enhanced properties that make it moisture, rot and insect resistant.

FIR GRAINED COMPOSITE
(Paintable & Stainable)

Fir grain poly-fiber door frame system that combines all the strength and convenience of wood with enhanced properties that make it moisture, rot, and insect resistant.

MAHOGANY GRAINED COMPOSITE
(Paintable & Stainable)

Mahogany grain poly-fiber door frame system that combines all the strength and convenience of wood with enhanced properties that make it moisture, rot, and insect resistant.

REPLACEMENT DOOR 18 GAUGE STEEL
(Paintable)

Our Steel Replacement Door is assembled on an 18 gauge steel frame that is pre-prepped and pre-primed. Reinforced to ensure a proper installation and provide increased security.

CLADDING

See page 135 for pricing.

Crownline
Compatible with most clad window profiles

Brickmould
Matches wood brickmould dimensions exactly

Transoms
Clear and decorative glass in all shapes: rectangle, round top, elliptical, and springline.

MAINTENANCE-FREE ALUMINUM ENTRY DOOR CLADDING

FrontLine® Bldg. Products Inc.
Member of the Bay Family of Companies

- Heavy Duty – resists denting
- No painting
- Limited lifetime warranty
- Storm door ready
- No exposed fasteners
- Entry doors, sidelites and transoms

FRAMESAVER®

WHY FRAMESAVER®

FrameSaver® Door Frames from Endura are simply the best door frames on the market. Patented composite bottom won't absorb water, warp, crack or rot and finishes and paints just like wood.

FrameSaver's finger-jointed wood composite protects the base of the frame from moisture exposure, and thus prevents water from wicking into the wood. **Rot never has a chance to begin.**

That's Performance Standard.

FRAMESAVER® FEATURES

FIELD PROVEN: OVER A DECADE OF "NON-ROT" PERFORMANCE

1. **FRAMESAVER® BRAND STAMPED RIGHT ONTO THE PRODUCT**
   - Ensures top quality

2. **FINISHES AND PAINTS JUST LIKE WOOD**

3. **PATENTED COMPOSITE BOTTOM WILL NOT ABSORB WATER OR ROT**
   - Will not wick water or swell
   - Rot never begins
   - Resists mold and insects

4. **FINGER-JOINTED CONSTRUCTION DELIVERS STRUCTURAL INTEGRITY**
   - Extremely strong and durable

FRAMESAVER® PROTECTS YOU FOR LIFE. GUARANTEED.

ASTRAGALS

MULTI-POINT ASTRAGAL (MPA)

MPA's cost-effective design works with most standard deadbolt packages, eliminating the need for expensive hardware, extensive machining and allowing for easy installation and retrofitting to existing door units. *See page 135 for pricing.*

- Three secure locking points stop air and water infiltration
- Ease of installation or retrofit
- Works with most standard deadbolt lock sets
- Flip Lever standard enhances sealing power
- 4-way adjustable strike

INTUITIVE CUT DOWN AND ADJUSTMENT

Multi-Point Astragal and Flip Lever Astragal

The **Multi-Point Astragal** and **Ultimate Flip Lever™ Astragal** can be cut down by up to 7 inches to accommodate all applications.

ULTIMATE FLIP LEVER™ ASTRAGAL

The **Ultimate Flip Lever™ Astragal** – One flip of the lever activates both Flush Bolts and the Floating Boot, eliminating the need for bending and reaching – a must-have for taller door systems.

PATENTED DESIGN

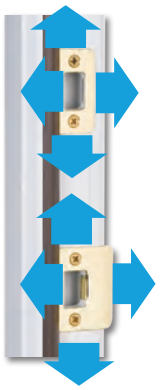

- Easy-to-use, enhanced accessibility
- Spring-loaded Floating Boot and Flush Bolts operate independently, allowing the Floating Boot to form a tight seal against the cap
- Standard in Multi-Point Locking Astragal and Trilennium® Compatible Astragals
- Upgrade option in Ultimate Astragal

RETRACTABLE FLOATING BOOT

Lifts with the Flush Bolt to prevent excessive rubbing and wear that lead to poor performance with traditional boot-type seals.

4-WAY ADJUSTABLE STRIKE RETAINER

Adjustable strike plates with hardware in place

Adjustable strike retainer available only on Flip Lever Upgrade and Multi-Point Astragals

Meet ZEEL. A minimal design with endless opportunities.

1. **ZEEL** is a sleek, versatile frame designed to be stained or painted that blends seamlessly into the entry door, allowing the doorglass to take center stage. This clean, low-profile look offers an alternative to flush glazed doors that provides the benefits of a frame system with the style homeowners desire.

2. Traditional frames can warp when subject to severe temperature changes or direct sunlight exposure, especially when painted dark colors. **FiberMate Plus™** is our strongest material yet and exceeds performance expectations in extreme environments.

3. **Resolve®** sealant is immune to squeeze out and doesn't degrade over time, reducing service calls and warranty issues. This clean thermoset foam seal can be repositioned and stays consistent over time.

4. **ZEEL** eliminates the need for screws and cumbersome screw hole covers with an innovative clip system. This allows each frame to sit flush, streamlining installation and greatly reducing installation time and effort. This efficient installation offers an alternative to costly flush glazed doors.

Note: Zeel comes standard with designated Textured Privacy glass (see page 97-112) and configured clear LOW-E glass (see page 127-128.) Call for special order Zeel options.

TRILENNIUM® – MULTI-POINT LOCKING SYSTEM

Trilennium® delivers three times the strength, the security and the performance with one multi-point locking system, resulting in maximum peace of mind and homeowner satisfaction.

PROTECTION
Trilennium delivers the strength of 3 full dead-bolts for uncompromised protection.

No weak hooks or delivering catches, only tested, proven strength.

PERFORMANCE
Trilennium corrects misalignment in 3 different directions, even fighting deflection when unlocked for lasting, error-free operation.

EASY OPERATION
Unlike other systems, Trilennium is easy to use, activating with a single turn of the key or thumb-turn, and releasing with just a single turn of the interior handle.

STRENGTH
Unlike other competitors, Trilennium's one-piece I-Beam lock construction is so strong, it even strengthens the door panel.

TRILENNIUM® HARDWARE COLLECTION

For optimum performance with our locking system, Trilennium® hardware combines elegant design with precision engineering for beautiful, reliable performance. Hardware, active and inactive, is available for entry, patio and passage doors in a variety of styles and finishes. *Refer to page 135 for pricing.*

SEVERE WEATHER FIBERGLASS ENTRY DOORS

Our severe weather fiberglass smooth and oak grained fiberglass doors are constructed with full length composite stiles. The top and bottom rails prevent any water penetration in all six sides. The unit will not, warp, rot, dent, or split and are virtually maintenance free.

Decorative glass is available and is independently tested by ODL to meet Florida and Texas wind-borne debris risks and comes with an aluminum frame for enhanced strength and durability.

Our severe weather door system is approved for use in severe weather door systems that meet Florida code FL17347, and are certified by NAMI. Please call for design and quote.

HIGH VELOCITY HURRICANE ZONE (HVHZ)
Broward and Dade County are not supported.

IMPACT-RESISTANT LAMINATED GLASS

ODL's patented frame design, which is mechanically fastened in the corners to prevent flex, adds strength to the door. With a classic flat 3/8" low profile frame, the narrow aluminum extrusion adds strength. The natural contours provide a traditional style and a white powder coat provides a polished finish that can be painted. Availble in out swing only.

Decorative Doorglass, Blinds and Grilles are sealed between impact-resistant laminated glass on the exterior, and tempered safety glass on the interior.

ODL DOORGLASS®

MISSILE IMPACT TESTED

The Level D missile impact test fires an 8-foot long 2"x 4" at 50 feet-per-second at the door glass and door slab. The entire unit must remain intact through 9,000 pressure cycles, and also pass water-infiltration, structural loading, and forced air-infiltration tests.

SEVERE WEATHER PORTFOLIO

Special order: "•" in the table relates to available product. To configure: Take the door model number and add the glass, mini blind, or grille extension.

Example: SWFS 607-HM = Severe Weather Smooth Fiberglass with 22" x 48" Heirlooms glass

PATIO & DOUBLE DOORS

The difference between Patio and Double Doors has always been a bit confusing. MMI DOOR defines Patio Doors as a two or three door unit with one active panel and one or two stationary panels. The operating panel will typically be hinged on the center mull post. A Double Door opens in the middle and has one "active" door and one "inactive" door. The inactive panel is anchored by an astragal that can be released to allow both doors to open freely.

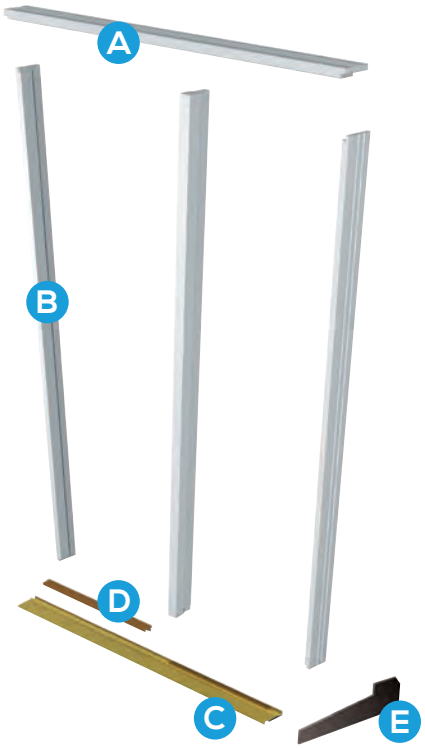

Patio Doors

One active panel and one or two stationary doors

Double Doors

Also called "French Doors" Double doors open in the middle and both panels can be activated by releasing the astragal

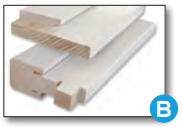

Inactive patio door panels are sealed with glazing tape (no caulk) No re-caulking required resulting in a better appearance

(Example is a Patio Door)

Continuous head with noninvasive routing provide exceptional strength

One piece mulls feature superior strength, a perfect fit and no additional finishing

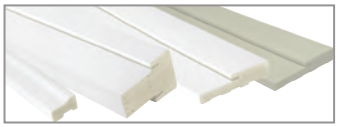

Continuous sills give added strength beneath the mull with the continuous seal along the door unit

Our mull systems include inactive seats engineered for perfect panel placement

Sill gasket provides a water tight seal

Available with composite, no-rot frames!

ARCHITECTURAL COLLECTION

MMI DOOR's Architectural™ Collection is a premium line of fiberglass doors and matching fiberglass components featuring an **authentic woodgrain replication** made possible by unique NVD (nickel vapor deposition) technology. Each door begins with hand-selecting the most beautiful pieces of wood to build a real wood door. A silicone casting then picks up the woodgrain, and with NVD technology, the **finest details are transferred** into a door mold, atom-by-atom. The result is a fiberglass door that **replicates natural woodgrain** characteristics and is **virtually indistinguishable** from real wood. **Limited Lifetime Warranty.**

DELIVERING A COMPLETE FIBERGLASS SYSTEM *TO YOUR DOOR*

THE BEAUTY OF WOOD WITH THE DURABILITY OF FIBERGLASS.

STRENGTH

A pair of beefy 4.125" stiles run down the sides of our doors. Supported by 3.5" of laminated strand lumber. LSL is one of the strongest, straightest and most stable engineered wood fiber products available. This prevents our doors from **warping** and **increases your hardware options**.

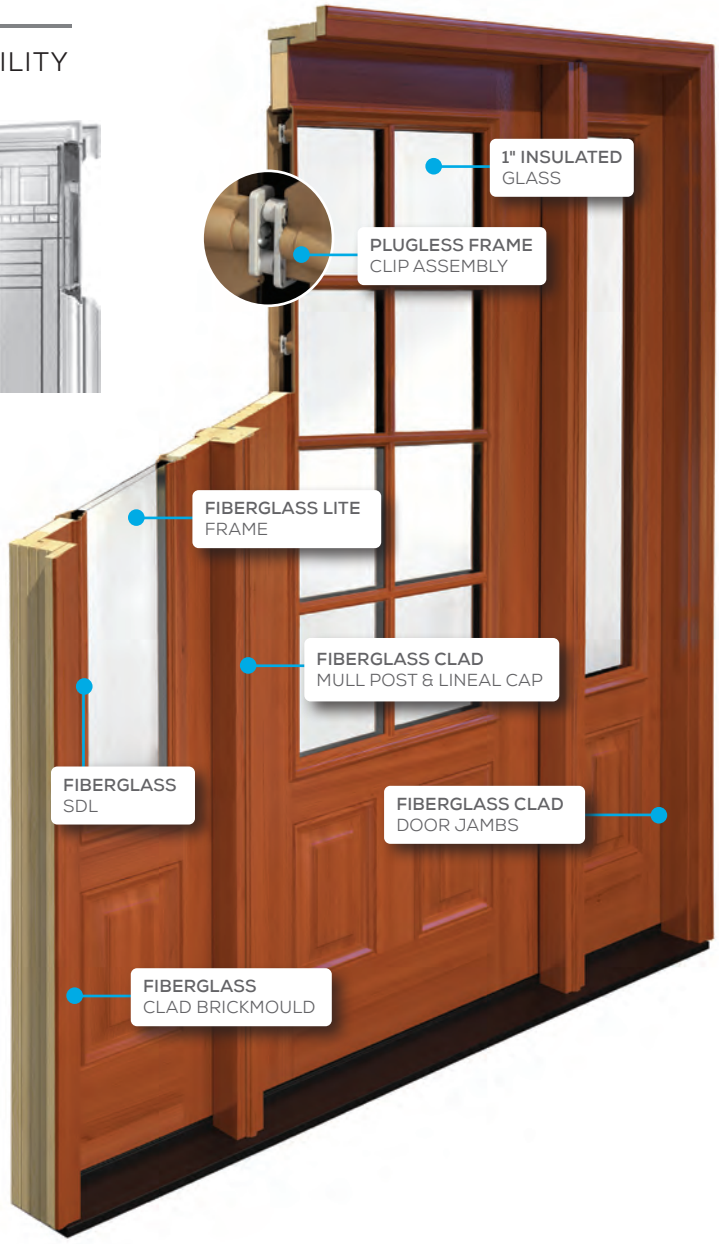

HIGH DEFINITION

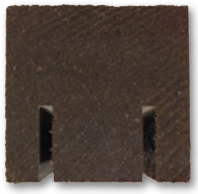

To produce the **highest definition of wood-grain fiberglass doors**, it starts with high quality fiberglass that is transformed using our unique **NVD technology**. Our skins have a minimum thickness of .09", all the way up to .175" for stainless steel inlays.

PERFORMANCE

All of our doors are insulated with high density, CFC free, polyurethane foam (between 2.2 to 2.5). Our formula improves **energy efficiency & sound abatement**.

- Mastergrain's unique **NVD technology** produces the most genuine look of real wood in fiberglass without the negative aspects of a wood or steel.
- **Does NOT rot or warp** like wood doors and requires less maintenance.
- **Does NOT rust or dent** like steel doors.
- Excellent grain and stain matching across fiberglass components.
- Engineered for the extreme hot and cold temperatures of North America.

Doors are constructed using **rot resistant** composite top & bottom rails. (Kerf notched bottom rail shown)

SPOTLIGHTS' FIBERMATE® FRAME

Your Spotlight™ door will need a stylish frame to match. Spotlights' FiberMate® molded frame can be easily painted. FiberMate's material formulation outperforms lesser quality frames; the frame's construction resists both warping and deformation from heat buildup and can be used with dark finishes.

Spotlights' compression foam tape seal construction eliminates the oozing and sticky mess of wet caulk products. The frame seal's design is also engineered to extend the life of your door frame. Insulated glass and a well-constructed frame unit make Spotlights energy efficient.

PREMIUM ARCHITECTURAL™ FIBERGLASS DOOR

684HAR, SL692HAR
Premium Architectural Collection
Shown in Mahongay Grain
Cherry Stain

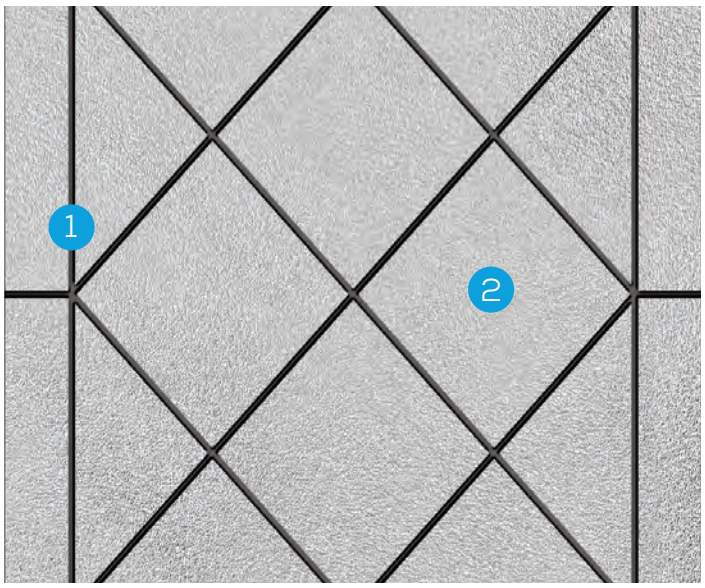

Available Caming

Patina

Blending the surface texture of a "micro-granite" pattern glass with caming in a classic diamond design (patina finish), the Harris collection evolves a traditional design into an inspired modern look. This textured glass not only looks stunning but also offers a high privacy level.

PREMIUM ARCHITECTURAL™ FIBERGLASS DOOR

608MTC, SL422MTC
Premium Architectural Collection
Shown in Traditional Cherry Grain
Cherry Stain

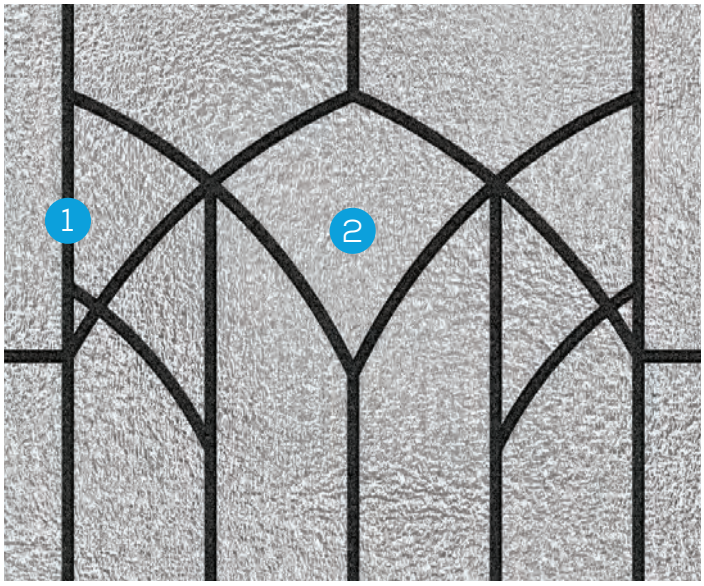

Available Caming

Nickel Vein Wrought Iron

Montclaire pays homage to Tuscan architecture with overtures of cathedral arches as seen in doors, cabinetry, railings and archways. This old world design combines warmth through simple wrought iron craftsmanship integrated with granite textured glass. Montclaire offers a medium privacy level.

Tru-Loc Installation Anchor		18	36

Tru-Loc is designed to insure a quality installation. Tru-Loc should be utilized on all prefinished units and any composite and clad frames.

Pre-Finish 5-Year Limited Warranty

WARRANTY COVERAGE:
MMI DOOR will warranty our finish painted or stained doors for a period of five (5) years from the original date of purchase by the dealer. This warranty covers paint failure in the form of peeling with no evidence of abuse. We cannot warranty paint or stain finish chipping or scratches caused by product abuse or improper installation. Paint and stain samples may vary from the actual finish. For further examples of our paint and stain options, please refer to our Paint and Stain Selection Chart for Fiberglass and Steel Entry Systems. Color fading caused by exposure to natural elements also is beyond ours and the paint or stain manufacturer's control.

APPLICATION:
This is the most important step in your new entry system selection process. Protecting it properly can lower maintenance, improve performance and extend the life of your new entry system.

Every exterior door requires protection and there are many factors to consider such as exposure to natural elements, color choices, storm door use and the degree of homeowner maintenance required. All of these factors must be evaluated to determine your final choice.

OVERHANG:
In short, every exterior door—Entry, Patio or French Doors—should have an overhang to protect the unit from natural elements, lowering care and maintenance and extending the life of the unit. Overhangs should extend at least four feet wider (two feet each side) than the door unit and at least five feet out from the house. In extreme exposures (facing south or west) or climates (desert or coastal) overhangs should be double that size. Inadequate overhang protection can lead to color fading, component damage and water related issues such as warping, wood failure or leakage. Adequate overhangs increase your choice of door types, design, colors and specifications. They also insure years of dependable performance.

COLORS:
The effect of natural elements, especially the sun, is generally under estimated. The face of an exterior door can exceed 120 degrees in many applications. Prolonged exposure at these temperatures can quickly deteriorate the finish and physically damage the door. Remember – light colors reflect heat, dark colors absorb heat. Consider sun exposure and overhang protection when selecting a color for your door.

OPTIONS FOR PREHUNG UNITS

Standard Door Adders:

6/8 Unit Includes: 4-9/16" Primed Frame • Primed Brickmould • Composite Adjustable Sill • 3 Dull Nickel Hinges

FIBERGLASS DOOR WARRANTY

Fiberglass Doors Limited Warranty
Limited Lifetime Door Component • 2 Years - Prehung System

WARRANTY COVERAGE:
MMI DOOR warrants that its fiberglass entry door component product ("Product") is free from defects in material and workmanship which will make the Product unfit for its normal and recommended use. THE DURATION OF THIS WARRANTY BEGINS ON THE DATE OF PURCHASE BY THE CUSTOMER AND EXTENDS FOR THE FOLLOWING PERIOD:

1. Limited Lifetime Warranty for the door component of the base prehung system*.
2. Two (2) years for the Builder's Classic door component of the base prehung system*.
3. Two (2) years on our Msystem2 base prehung door system*. MMI DOOR will adjust, repair or replace the product if it fails to perform to the published performance criteria based on independent testing. This warranty extends for 2 years as long as you own your home. This warranty is non-transferable.
4. Limited Lifetime Warranty when upgrading to Composite or FrameSaver Frames for our MSystem Lifetime Warranty. This extends warranty of prehung door unit and door component, without extending the 10 year door lite component warranty. This warranty is non-transferable.
5. Five (5) years from the date of installation for the stained or painted finish by MMI DOOR on the door component of the fiberglass prehung door unit. Coverage against deficiencies in material and workmanship of the finish, as well as coverage against flaking, cracking, checking, blistering and peeling.

* Base prehung system = door component prehung on a primed wood frame

EXCLUSIONS FROM COVERAGE:
This warranty does not cover:

1. Door units not installed according to published unit dimensions and installation instructions.
   a. Double doors with an astragal should not be installed in a direct weather exposure or without a proper overhang. An ideal overhang must extend at least four feet wider (two feet each side) than the door unit and at least five feet out from the house. Failure to adhere to these overhang and directional requirements will void any warranty coverage.
2. Defects or damages arising out of shipment by common carriers, private transportation or other means of transportation.
3. Defects of damages arising out of improper handling or cleaning, defective or improper installation, defective or improper glazing, accident, act of God, intentional human act, misuse or abuse, or any other circumstances beyond the control of MMI DOOR.
4. Warp not exceeding 1/4" in the plane of the door panel, bow or misalignment in the door frame in which the door panel is hung.
5. Products installed in high-moisture environments, such as swimming pool enclosures or greenhouses.
6. Product used or installed in non-residential environments, including but not limited to, retail or commercial applications.
7. Products not finished/painted, or in accordance with installation instructions.
8. Products finished/painted a dark color with prolonged exposure to direct sunlight.
9. Products finished with non-recommended paints or topcoats.
10. Performance of finish paints.
11. Labor, shipping or other charges incurred or claimed by the Customer.
12. Use of chemical based cleaners on a prefinished unit.

WARRANTY CLAIM PROCEDURES:
If within the applicable warranty period the Customer discovers a defect in the Product which is covered by this warranty, the Customer must follow this procedure:

1. The Customer must promptly present a written claim to MMI DOOR 6361 Sterling Dr. North, Sterling Heights, MI 48312.
2. The Customer must use reasonable diligence to include in the written claim all of the following:
   a. Adequate description of defect(s).
   b. Identification of Product design or pattern.
   c. Exact Product size.
   d. Date Product was manufactured.
   e. Date of the Customer's purchase and the date of delivery to the Customer.
3. The Customer, at MMI DOOR's option, must permit MMI DOOR or its representative to inspect the Product.

REMEDIES:
After receiving a valid claim, MMI DOOR will, at its option, (a) repair the Product, or (b) provide a replacement Product (or part, as appropriate) of like kind and design.

DISCLAIMER OF WARRANTY:
MMI DOOR MAKES NO IMPLIED WARRANTY, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO THE PRODUCT (OR ANY REPLACEMENT), AND MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, WITH RESPECT TO THE PRODUCT (OR ANY REPLACEMENT), EXCEPT TO THE EXTENT PROVIDED HEREIN.

LIMITATION OF REMEDIES:
THE REMEDIES SET FORTH ABOVE ARE THE CUSTOMER'S EXCLUSIVE REMEDIES FOR BREACH OF WARRANTY. IN NO CASE SHALL MMI DOOR BE LIABLE TO THE CUSTOMER OR ANY OTHER PERSON FOR ANY GENERAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. SOME STATES DO NOT PERMIT ANY LIMITATION ON THE LENGTH OF AN IMPLIED WARRANTY, OR ANY EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, AND THEREFORE SOME LIMITATION OR EXCLUSIONS IN THIS WARRANTY MAY NOT APPLY.

Unless modified in a later writing signed by both MMI DOOR and the claimant, this warranty is the complete and exclusive warranty relating to the Product, superseding all earlier agreements and other communications relating to the Product. No employee of MMI DOOR or any other party is authorized to make any warranty in addition to this warranty. Invalidation of any one or more of the provisions of this warranty shall not invalidate or affect any one of the other provisions hereof, which shall remain in full force and effect.

This warranty is not transferable. This warranty provides specific legal rights, and other rights, which vary from state to state, may be available.

* Storm doors void warranty due to possible excessive heat buildup.

STEEL DOOR WARRANTY

Majestic Steel Limited Warranty
10 Years - Majestic Door Component • 2 Years - Prehung System

WARRANTY COVERAGE:
MMI DOOR warrants that its Majestic Steel entry door component product ("Product") is free from defects in material and workmanship which will make the Product unfit for its normal and recommended use. THE DURATION OF THIS WARRANTY BEGINS ON THE DATE OF PURCHASE BY THE CUSTOMER AND EXTENDS FOR THE FOLLOWING PERIOD:

1. Ten (10) years for the Majestic door component of the base prehung system*.
2. Two (2) years on our MSystem2 base prehung door system*. MMI DOOR will adjust, repair or replace the product if it fails to perform to the published performance criteria based on independent testing. This warranty extends for 2 years as long as you own your home. This warranty is nontransferable.
3. Limited Lifetime Warranty when upgrading to Composite or FrameSaver Frames for our MSystem Lifetime Warranty. This extends warranty of prehung door unit, without extending door component or door lite component warranty. This warranty is nontransferable.
4. Five (5) years from the date of installation for the painted finish by MMI DOOR on the door component of the Majestic Premium prehung door unit. Coverage against deficiencies in material and workmanship of the finish, as well as coverage against flaking, cracking, checking, blistering and peeling.

* Base prehung system = door component prehung on a primed wood frame

EXCLUSIONS FROM COVERAGE:
This warranty does not cover:

1. Door units not installed according to published unit dimensions and installation instructions.
   a. Double doors with an astragal should not be installed in a direct weather exposure or without a proper overhang. An ideal overhang must extend at least four feet wider (two feet each side) than the door unit and at least five feet out from the house. Failure to adhere to these overhang and directional requirements will void any warranty coverage.
2. Defects or damages arising out of shipment by common carriers, private transportation or other means of transportation.
3. Defects of damages arising out of improper handling or cleaning, defective or improper installation, defective or improper glazing, accident, act of God, intentional human act, misuse or abuse, or any other circumstances beyond the control of MMI DOOR.
4. Warp not exceeding 1/4" in the plane of the door panel, bow or misalignment in the door frame in which the door panel is hung.
5. Products installed in high-moisture environments, such as swimming pool enclosures or greenhouses.
6. Product used or installed in non-residential environments, including but not limited to, retail or commercial applications.
7. Products not finished/painted in accordance with installation instructions.
8. Products finished/painted a dark color with prolonged exposure to direct sunlight.
9. Product finished with non-recommended paints or topcoats.
10. Performance of finish paints.
11. Labor, shipping or other charges incurred or claimed by the Customer.
12. Use of chemical based cleaners on a prefinished unit.

WARRANTY CLAIM PROCEDURES:
If within the applicable warranty period the Customer discovers a defect in the Product which is covered by this warranty, the Customer must follow this procedure:

1. The Customer must promptly present a written claim to MMI DOOR 6361 Sterling Dr. North, Sterling Heights, MI 48312. MMI DOOR must receive this claim no later than ten (10) years on Majestic doors and two (2) years on Builder's Choice doors after the date of the Customer's purchase.
2. The Customer must use reasonable diligence to include in the written claim all of the following:
   a. Adequate description of defect(s).
   b. Identification of Product design or pattern.
   c. Exact Product size.
   d. Date Product was manufactured.
   e. Date of the Customer's purchase and the date of delivery to the Customer.
3. The Customer, at MMI DOOR's option, must permit MMI DOOR or its representative to inspect the Product.

REMEDIES:
After receiving a valid claim, MMI DOOR will, at its option, (a) repair the Product, or (b) provide a replacement Product (or part, as appropriate) of like kind and design.

DISCLAIMER OF WARRANTY:
MMI DOOR MAKES NO IMPLIED WARRANTY, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO THE PRODUCT (OR ANY REPLACEMENT), AND MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, WITH RESPECT TO THE PRODUCT (OR ANY REPLACEMENT), EXCEPT TO THE EXTENT PROVIDED HEREIN.

LIMITATION OF REMEDIES:
THE REMEDIES SET FORTH ABOVE ARE THE CUSTOMER'S EXCLUSIVE REMEDIES FOR BREACH OF WARRANTY. IN NO CASE SHALL MMI DOOR BE LIABLE TO THE CUSTOMER OR ANY OTHER PERSON FOR ANY GENERAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. SOME STATES DO NOT PERMIT ANY LIMITATION ON THE LENGTH OF AN IMPLIED WARRANTY, OR ANY EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, AND THEREFORE SOME LIMITATION OR EXCLUSIONS IN THIS WARRANTY MAY NOT APPLY.

Unless modified in a later writing signed by both MMI DOOR and the claimant, this warranty is the complete and exclusive warranty relating to the Product, superseding all earlier agreements and other communications relating to the Product. No employee of MMI DOOR or any other party is authorized to make any warranty in addition to this warranty. Invalidation of any one or more of the provisions of this warranty shall not invalidate or affect any one of the other provisions hereof, which shall remain in full force and effect.

This warranty is not transferable. This warranty provides specific legal rights, and other rights, which vary from state to state, may be available.

GLASS-LITE WARRANTY

10 Year Exterior Door Glass-Lite Warranty

WARRANTY COVERAGE:
MMI DOOR warrants that its Glass component product ("Product") is free from defects in material and workmanship which will make the Product unfit for its normal and recommended use. THE DURATION OF THIS WARRANTY BEGINS ON THE DATE OF PURCHASE BY THE CUSTOMER AND EXTENDS FOR THE FOLLOWING PERIOD:

1. Ten (10) years for the glass component for seal failure.
2. Lifetime for Frame component against warping and cracking

EXCLUSION FROM COVERAGE:
This warranty does not cover:

1. Defects or damages arising out of shipment by common carriers, private transportation or other means of transportation.
2. Defects of damages arising out of improper handling or cleaning, defective orimproper installation, defective or improper glazing, accident, act of God, intentional human act, misuse or abuse, or any other circumstances beyond the control of MMI DOOR.
3. Products installed in high-moisture environments, such as swimming pool enclosures or greenhouses.
4. Product used or installed in high-vibration environments.
5. Products not finished-painted in accordance with door edge label or installation instructions.
6. Product finished with non-recommended paints, stains or topcoats.
7. Performance of finish paints.
8. Labor, shipping or other charges incurred or claimed by the Customer.

WARRANTY CLAIM PROCEDURES:
If within the applicable warranty period the Customer discovers a defect in the Product which is covered by this warranty, the Customer must follow this procedure:

1. The Customer must promptly present a written claim to MMI DOOR 6361 Sterling Dr. North, Sterling Heights, MI 48312. MMI DOOR must receive this claim no later than ten (10) years after the date of the Customer's purchase.
2. The Customer must use reasonable diligence to include in the written claim all of the following:
   a. Adequate description of defect(s).
   b. Identification of Product design or pattern.
   c. Exact Product size.
   d. Date Product was manufactured.
   e. Date of the Customer's purchase and the date of delivery to the Customer.
3. The Customer, at MMI DOOR's option, must permit MMI DOOR or its representative to inspect the Product.

REMEDIES:
After receiving a valid claim, MMI DOOR will, at its option, (a) repair the Product, or (b) provide a replacement Product (or part, as appropriate) of like kind and design.

DISCLAIMER OF WARRANTY:
MMI DOOR MAKES NO IMPLIED WARRANTY, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO THE PRODUCT (OR ANY REPLACEMENT), AND MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, STATUTORY OR OTHERWISE, WITH RESPECT TO THE PRODUCT (OR ANY REPLACEMENT), EXCEPT TO THE EXTENT PROVIDED HEREIN.

LIMITATION OF REMEDIES:
THE REMEDIES SET FORTH ABOVE ARE THE CUSTOMER'S EXCLUSIVE REMEDIES FOR BREACH OF WARRANTY. IN NO CASE SHALL MMI DOOR BE LIABLE TO THE CUSTOMER OR ANY OTHER PERSON FOR ANY GENERAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. SOME STATES DO NOT PERMIT ANY LIMITATION ON THE LENGTH OF AN IMPLIED WARRANTY, OR ANY EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, AND THEREFORE SOME LIMITATION OR EXCLUSIONS IN THIS WARRANTY MAY NOT APPLY.

Unless modified in a later writing signed by both MMI DOOR and the claimant, this warranty is the complete and exclusive warranty relating to the Product, superseding all earlier agreements and other communications relating to the Product. No employee of MMI DOOR or any other party is authorized to make any warranty in addition to this warranty. Invalidation of any one or more of the provisions of this warranty shall not invalidate or affect any one of the other provisions hereof, which shall remain in full force and effect.

This warranty is not transferable. This warranty provides specific legal rights, and other rights, which vary from state to state, may be available.

*After year 5, Homeowner may be responsible for a prorated portion of glass warranty cost.
